Dedication

In behalf of the students of Perrysburg High School, the Black and Gold dedicates its 1964 annual to former President Kennedy, who was felled by an assassin's bullet while in the service of his country.

Because of the vitality and continued interest President Kennedy showed toward the youth of the nation, the students of Perrysburg as well as students across the nation felt a special "closeness" to the nations untiring leader.

Students Shocked By Annoucement

November twenty second is a day which is clear in the hearts and minds of millions of people all over the world. To most of us, the memory is painful. John F. Kennedy was admired by all. His policies and political opinions were not accepted by everyone, but no one can deny that he was a truly great man. The shock resulting from his death was universal. Everyone will always remember where he was and what he was doing on that memorable day. I know I shall never forget.

It was a dull and dreary Friday afternoon. I was sitting in my sixth period Science class taking a quiz on balancing chemical equations. I remember that I was having difficulty with two or three of the problems, and I was getting a little discouraged. After all, it was Friday afternoon, and I was anxious for school to end and the weekend to begin. All of a sudden I heard a chime which was the signal for an oncoming announcement. It seemed like a strange time to interruot classes, but this didn't really disturb me.

"Students of Perrysburg High School," the announcer said. "The President is dead." My first reaction was to laugh. He went on to say that President Kennedy had been killed by an assassin's bullet in Dallas, Texas. This had to be some kind of a joke. This is the United States of America, the greatest nation in the world. Things like that just don't happen here, at least not anymore.

Gradually, I began to realize that it was all true. People wouldn't joke about a thing like that. I couldn't believe it; I didn't want to believe it. Who could have done it? Then they turned the radio on. This announcer said that they were still awaiting word as to the condition of the President. My heart heaved a sigh of relief. He wasn't dead. Just then the announcer broke in in an excited voice. "Ladies and gentlemen, we have just received the official word from the White House. The President of the United States of America, John F. Kennedy, is dead." He went on, but I didn't hear him. President Kennedy—dead? President Kennedy, the man I admired more than anyone else in the world—dead? The tears streamed down my face. I didn't care that everyone could see me. My mind was in mass confusion. Who? How? Why? I looked down at my unfinished quiz paper. At that moment, I couldn't have finished it if I had wanted to.

Finally, the bell rang. Blindly, I stood uo, walked over to the teacher's desk, put my paper down, and walked out of the room. Once in the hall, I became aware of the people around me. Some were crying like myself, but most of them were in a daze—too shocked for tears.

When I got to my locker some of my friends were waiting for me. We tried to console each other, but I guess we all realized that it wasn't going to do any good. I put my coat on and started to walk home. It was raining, but I couldn't tell the raindrops from my tears.

Finally I reached our orange and white house. I opened the door and walked in. Instantly I could tell that my family knew by the expressions on their faces. I don't know why, but this surprised me.

For the next three days, I sat glued to the television set. They kept repeating the same things over and over again, but I just couldn't tear myself away. I couldn't eat; I couldn't sleep. I just sat there, my eyes fixed on the screen.

John F. Kennedy has been dead for months. He gave his life for the country he loved. The United States of America still lives, and it will never die as long as there are men like J. F. K.

Karen Schmidt

The Making of a President

John Fitzgerald Kennedy was born on May 29, 1917 in Brookline, Massachusetts. During his kindergarten to college years, he was educated at four schools: Dexter, in Brookline; Riverdale Country Day School; Canterbury School, in New Millford, Massachusetts; and Choate at Wallingford, Connecticut. During this period, it was said he had an inquisitive mind and a retentive memory, but his grades were average.

In September 1936, he entered Harvard. He spent his first two years there hardly pushing himself at all, but then in his junior year, he received the opportunity to go abroad, and he took it. When he arrived back at Harvard in his senior year, he was a changed man. He worked harder than ever before and graduated in 1940 with honors.

Almost more than any other influence, World War II helped mold John Kennedy into the man for the White House, although a back injury he received playing football almost kept him from entering the armed forces. But he underwent a five month regimen of back-strengthening exercises and was commissioned a Navy ensign in September, 1941. Transferred to the Naval Officer's Training School at Northwestern University, he was one of sixty men chosen for officers at the new M.T.B. School at Melville, Rhode Island. Important qualities possessed by these men were courage, athletic toughness, intelligence, and quick thinking.

In 1943, he was transferred to the South Pacific and given the command of PT-109. The boat was a late model, 80 footer, badly in need of maintenance. Within ten days Kennedy and his crew had the boat in working condition.

On August 2, when PT-109 and her crew were out on patrol, they were rammed by a Japanese destroyer. The force of the destroyer cut the PT boat in two and her gasoline tanks exploded. When the boat sank under them, Kennedy and his remaining crew swam to a little island. Even though his back injury was hurting him, Kennedy swam to Ferguson Passage every night trying to get help. Only total exhaustion made him relinquish the swim to other members of the crew. The suffering and exhaustion paid off. Help finally came.

In 1945, Jack Kennedy announced he would run for congressman of Massachusetts. Campaigning long and hard, his memory for faces and names, and most of all his war record, paid off and in November of 1946, he swamped his opponents. He started his career as a man of the House of Representatives in January, 1947.

Not a man to stand still for very long, he decided to run against Henry Cabot Lodge for the Senate seat of Massachusetts. The decision seemed fruitless, since Lodge was expected to win, but he campaigned furiously, helped by his sisters Jean and Eunice. During the eight months of campaigning, he visited every major Massachusetts city on many occasions. His recurrent back injury made it impossible at times to walk without the aid of crutches, but when it came time to make a speech, he left the crutches behind and walked to the platform like a West Point Cadet. The hard work and struggle paid off in the end, and he won by 70,000 votes. He entered the U. S. Senate in January, 1953, and served for eight years.

On the move again, he anounced in 1956 that he would seek the Democratic party's vice-presidential nomination. Here, the issue of his Catholic religion was first raised.

He was defeated by Estes Kefauver as the nominee for vice-president. But even this defeat did not stop him. He said he would try for the Presidency.

For the Democratic nomination for president he had to defeat Stuart Symington, Lyndon B. Johnson, Hubert Humphrey, and Adlai Stevenson. His campaign began on October 28, 1959. In 1960, he won the New Hampshire Primary. After a few more victorious primaries, he was met with the religion issue in West Virginia. Again he won. John Kennedy was the youngest man to become nominated and also the first Catholic to become President.

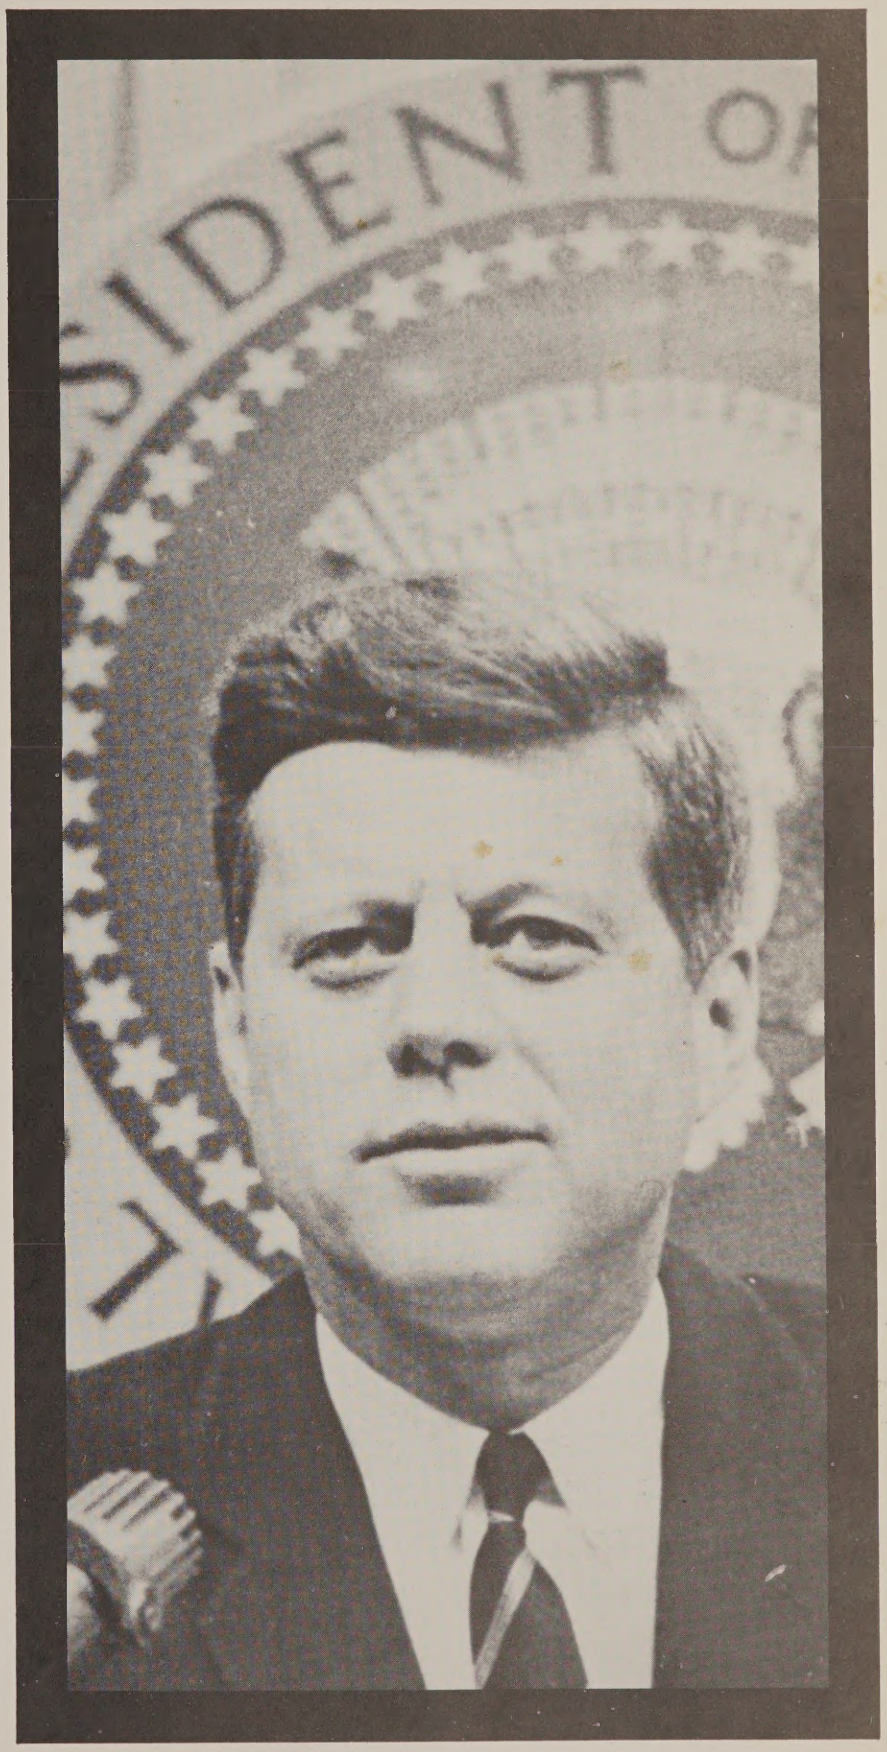

On September 26, October 7, October 13, and October 21, television debates were held between Kennedy and Nixon, the Republican candidate for president. These debates brought out a "positive" Kennedy and a "negative" Nixon. After the debates both men campaigned hard, as they were in the home stretch before election night, but Kennedy had one advantage—he was more well liked by young people under thirty.

On November 8, 1960, 68 million Americans went to the polls to choose a new leader. They selected John Fitzgerald Kennedy—the 35th President of the United States.

To Our Late President, John F. Kennedy

Can courage die?
Courage lives forever.
It is a lie
That death can sever
The arteries of man's eternal Spirit,
Whence come those gifts of God
Expressed to us in terms of noblest merit.
Courage is not buried 'neath the sod,
Nor patient wisdom, nor selfless giving
In that cause of peace and freedom for us all.
His values live in us, the living,
If we awake to that high call.
Dry the tears of grief and shame.
Burn in our hearts, Eternal Flame.

. . . Bringing About Changes In Students' School Life

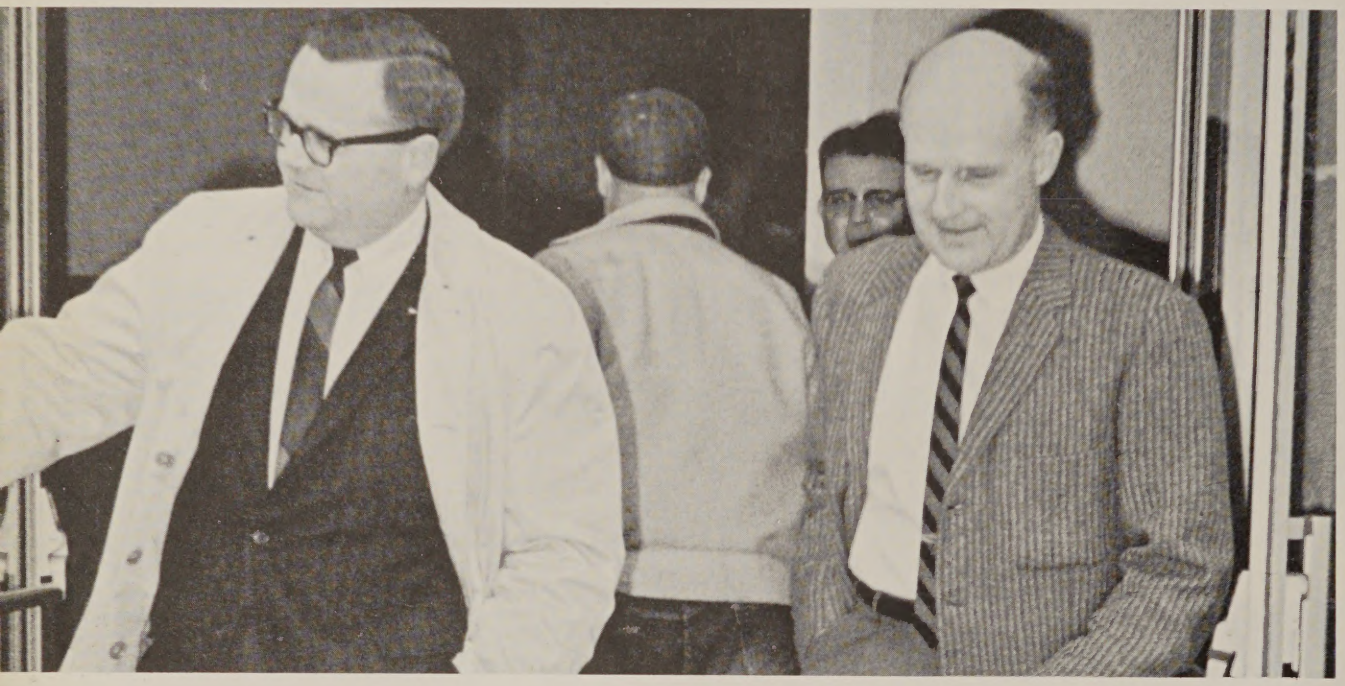

The proposal to construct a new facility to honor the high school was first made in November, 1961, when the voters were confronted with a bond issue and building levy. But because of lack of knowledge of the proposed building and the large amount of money asked, the levy was defeated. In November, 1962, the voters again were asked to consider the same bond issue without the building levy. This time it was passed and the ground breaking ceremonies took place in the spring of 1963. Those present were members of the administration, the student council president, Lynn Kirby, and several members of the community. The new P.H.S. still had one more hurdle to leap before its completion. A working levy had to be passed in November, 1963, for the operation of the school, and to the satisfaction of all connected with the school, this levy was passed.

The students of Perrysburg this year had the opportunity of transferring to a new high school. Our new building, located on South Boundary, is a tremendous structure and certainly something for every student, teacher, and parent to really be proud of.

For five months everyone waited anxiously for the completion of the new building. The "Move-a-rama" as it was called, lasted two days: Friday, January 25 and Saturday, January 26. On Monday, January 28, the students in grades 9-12 and high school teachers resumed classes in the new high school for the very first time.

How dull the school year would have been without activities to keep us occupied! At all of the football games that we attended, we yelled and cheered until we were ready to burst! There were always the sock hops to conclude a Friday or Saturday night. Then came the Football Coronation that we attended, seeing the queen and her court in all their splendor. The wonderful Class Plays can not be forgotten. The seniors performed the "Diary of Anne Frank" and the juniors, in the spring, did put on "Harvey." The Christmas Dance was the last big event for the seniors in 1963. Starting a new year we began it well with a new school. Of course, the basketball season came and went, with our players trying their best. More sock hops were given and suddenly upon us sprung the Basketball Coronation. As the March winds arrived, so too did the Spring sports. It was a successful year, ending with graduation, another year for Underclassmen, and a new life for Seniors.

When I go back to Brazil in July, 1964, I'll go to a business college in my city for three years.

I want to thank Perrysburg and the A.F.S. for bringing me here, where I had one of the best years of my life.

Thank you,

The well-rounded students take an active part in the extra-curricular activities the various clubs have to offer. Whether in the form of recreation, sportsmanship, or education, clubs provide the opportunity of broadening the student's interests by means other than through books. Clubs give students a way of expressing their own opinions and of doing the things that most appeal to them. In addition, clubs enable the students to plan and organize activities, such as bake sales, sock hops, and dances. Students have shown their desire and enthusiasm for these group functions and have made this year's clubs more active and successful than in years past.

These clubs, an essential part of our educational system, go just a little further than classroom work. Clubs teach responsibility and citizenship. Through membership in clubs the fiery freshman and the scholarly senior alike can find a way of giving for the good of the school.

On Student Council

During the first semester the largest single accomplishment was the Football Coronation, "Golden Fantasy." Plans for the second semester include revision of club charters, a charity drive, possible rejoining of Toledo Area Student Council, and a project concerning the new school. Their major project with the help of their advisor, Mr. Seibert, was to sponsor the foreign exchange program.

Mr. Seibert advised the student council on many matters.

National Honor Society

The National Honor Society is selected by a faculty committee on the basis of leadership, service, scholarship, and character. The students in this club are some of the most outstanding members of the senior class. These students set high standards of achievement, both in personal conduct and their studies, and set good examples for other students.

Under the leadership of Bob Fabrey, the National Honor Society promoted a program under a candlelight induction ceremony for the new members. Most of the students in the club have been on the honor roll all through high school.

Giannini Writes Music For Dedication

The construction of a new school brought about the consideration of a piece of music for the dedication. The band boosters raised money through various endeavors to support the idea. Mr. Park and Mr. Menichetti first considered a list of contemporary composers all over the United States. Then after much thought and study, they chose the composer that they thought, would be most suitable for the occasion. The composer's name is Vittorio Giannini. Mr. Park wrote to him and asked him if he would write the music for the dedication of our new high school. He accepted. Mr. Menichetti sent him all the information he could about our band, including a list of the music the band had played during the past two years. With this information, Giannini wrote the music and gave it the title, "Festive Overture."

The music arrived during February and the band immediately began working for the dedication. The music is of the highest quality.

"No matter if you win or lose, it's how you play the game that counts!" This adage was well remembered by our Jackets as they participated in another year of Fall, Winter, and Spring sports. Even though we may have suffered a few defeats, our players always kept their spirit high. Ever popular Football proved to be a most successful season; only once were we defeated. The Ding-Dong again was secured for the P.H.S. side of the Maumee River. Basketball season came amidst the biting cold of winter. This is where our team spirit showed, even though we didn't excel in this area. Our boys always played a good game. Our wrestlers showed improvement this year by bringing home many trophies, and making the sport of wrestling more interesting to the student body. Of course, there are our three Spring sports; Baseball, Golf, and Track which are always showing improvement.

SPORTS

The Yellow Jacket defenders exhibit their league leading defensive form in smearing opposing runner.

End and co-captain Jim McClain swept the individual honors with a first team All-N.L.L. berth, along with the Merrill and Eagles Awards.

Jackets Take Second After Dropping Just One

The Perrysburg Yellow Jackets Football team started the season slowly by absorbing an 8-6 loss to Eastwood. This loss proved to be the only one of the season. It was also the only loss in two years under second-year head coach Jerry Nowak.

After this first loss, the Jackets seemed to pick up momentum. They succeeded in picking up four quick victories. The first came against Springfield Local by a score of 15-8. Next came Lake by a score of 15-7. The third victory was won by a very confident Jacket team against Elmwood, 48-0. The fourth victory came a little harder, a 19-15 win over Anthony Wayne.

Rossford put the damper on a P.H.S. championship with an 8-8 game. They also cost us the championship the year before by a tie. In this year's game the Jackets proved who the best team in the league was by running over Rossford and doing everything better except scoring.

The next week Perrysburg traveled to Maumee and maintained possession of the Ding-Dong bell for another year. The score was 19-6 in favor of the Yellow Jackets.

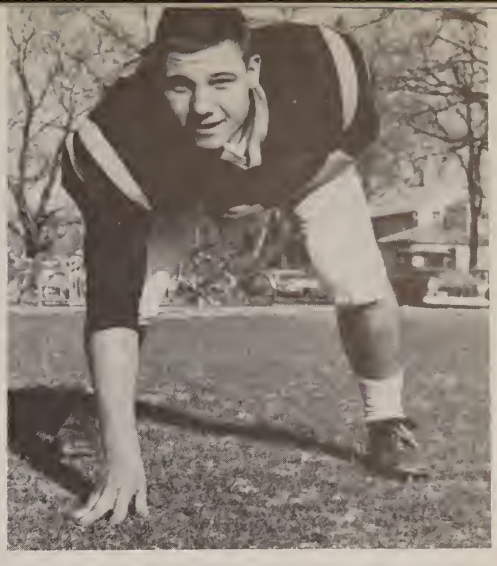

The Jackets finished the league season by defeating the Genoa Comets, 18-6.

To end the year right, the Jackets defeated a non-league opponent, Lorain-St. Mary's. This game was close all the way, but Perrysburg came out on top by a 7-6 score.

The final statistics for the Jackets in the league were 6-1-1 and in all games, 7-1-1.

Returning Lettermen—D. Hancock, R. Munse, B. Shaffer, R. Pellegrini.

An experienced golf team opened the 1964 season with prospects for a successful season. Returning lettermen from the school's golf team of the previous year included the following: juniors Rick Pellegrini, Bill Shaffer; sophomores Ron Munse and Dave Hancock. A pair of non-lettermen, freshman Jim Damschroder and sophomore John Donnan, were also counted on by golf coach Jack Harbaugh. Damschroder previously competed in several tournaments, including the Mid-American in Mansfield. The team finished third in the league meet and eighth in the district during the 1963 season.

The home matches were played at Tanglewood.

THE APPROACH

THE BACK-SWING

THE FOLLOW-THROUGH

Over the year, students have found that the faculty exhibits many differences. They don't act alike, they don't teach alike, and they hardly look alike. Still, with so many vast differences, these people all have two things in common: they are the shapers of our destiny and they are our friends. It is in high school that we learn to think constructively, to make important decisions, and to behave as responsible, near-adults. Through our teachers' grueling and "unfair" homework assignments we do learn to think and to discipline ourselves. With their help and guidance we make decisions that could change our entire future. Whether all of us realize it or not, our faculty are also our friends. The woman who teaches English from behind a big desk, the man who scribbles "unsolvable" math problems on the board, the history teacher who insists on having map tests, the language teacher arrayed in headset and microphone for the lab, and the science teacher with daily experiments will all turn into sympathetic listeners and wise counselors if only given the chance. They are people we can always turn to, not only with school problems but with personal ones as well. This is the faculty of Perrysburg High School, and we all thank them for the wonderful work they have done, are doing, and will continue to do for us, their students.

Financial, Educational Needs Of Perrysburg Schools Are Determined By Board Of Education Members

The Board of Education is an important part of our school life and activities. The board sets standards for the administration, faculty, and students. The financial and educational needs of the school and the curriculum policy are set up by the men of the board. They are elected representatives of the community whose function is to set the course for the school. Each member of the board is elected to a term of four years.

Pierson, Murphy Combine Efforts In Expansion

Robert M. Pierson, superintendent of Perrysburg's school system, and Rex M. Murphy, high school principal, fulfilled a longstanding dream this year with the completion of the new high school building. The construction of the new high school provides the opportunity for all students to acquire a superior education through the use of its modern facilities. This has been the real goal of the administration's educational objectives.

Construction of the new building was carried out through the combined efforts of the Board of Education, Mr. Pierson, and Mr. Murphy. Both the superintendent and Mr. Murphy have been at their posts for the past eight years.

Before assuming his position here as superintendent, Mr. Pierson taught in various communities, including Berlin Heights and New Rome, Ohio. His teaching fields are social studies and biology. The superintendent received his Bachelor of Science in Education degree in 1947 and his M.A. in 1951, both from Ohio State University. He began work on his doctor's degree periodically from 1952 thru 1956.

Before arriving at Perrysburg, Mr. Murphy taught American History at Cleveland Heights High School. He graduated from Kent State University in 1938 with a B.S. degree. He received his M.A. in History at Western Reserve University in 1951. At Western Reserve University in 1955 and 1956, he began postmasters work toward a doctor's degree.

Taking a last walk through the halls of the old High School allows us seniors to look back on many happy moments. While looking into the auditorium, we remember the junior and senior class plays. Here we listened to many fine choral concerts and convocations on numerous subjects. In the trophy case, we find the names of our members engraved on various awards. The old bell brings back thoughts of games, cold crisp evenings, bonfires, and cheerleaders. The gymnasium brings to mind the dances and the proms. We left these halls and entered a new school in January. As the first class to graduate from the new school, we hope to establish a long line of seniors who will have enjoyed their four years as much as we have. We will leave sadly, but also proudly, for we have been a big part of school life here. Names, faces, and places may fade as we reminisce in later years, but the memories are a part of our youth which will live in our minds and hearts for decades.

SENIORS

The Senior Class

Under the leadership of President Nick Pappas, Vice-President Ron Meier, Secretary Carolyn Damschroder and Treasurer Buz Carruth, the seniors worked diligently on the Senior Class Play, "The Diary of Anne Frank," enjoyed two Senior Class Teas, mourned the loss of a president, and were thrilled by the new building.

As juniors, Jim McClain was elected president; Jerry Gardrvits, vice-president; Jan Hallinan, secretary, and Jane Boyer, treasurer. The main projects were two bake sales and car washes, and the Junior Class Play, "Life with Father."

Jim McClain was the sophomore president; Gary Chapman, vice-president; Sandi Momberg, secretary; and Jane Boyer, treasurer. The highlights of the year were a sock-hop, bake sale-car wash, a candy sale, and ordering of the class rings.

A dance and a class picnic were sponsored during the freshman year, and our freshman band, the Rhythm Twisters made their debut. Gary Chapman was president; Carolyn Damschroder, vice-president; Sandi Momberg, secretary; and Jane Boyer, treasurer.

The class sponsors included Miss Louy, Mrs. McHugh, Mr. Bollin, Miss Munger, Mr. Zender, Mrs. Dubie, Mrs. Ackerman, Mrs. Stipp, Miss Irmen, and Mrs. Nussbaum.

LARRY YOUNGS

Take just a minute and go back to that first day in 7th grade! You were the only one who knew his schedule perfectly. The first bell rang and you were off! Ten minutes later you were in the restroom crying "I can't find my first period class." Then as the day progressed you found you had to pay a price for some of those "fun" subjects you signed up for. Off to the Senior High you went through sleet and snow, for there was no corridor as of yet. You made it only in time to find yourself being detained by some lovely senior. Did you report this to your teacher—no—you told your friends that some senior finally noticed you! Then there was the experience of being first up the stairs only to find they were the **down** stairs. Or was your first experience one of passing the office without a pass and running into your study hall teacher? Then after becoming accustomed to it all, 1964 brought about the "big move" and that fealing of fear again.

UNDERCLASSMEN

The Junior Class

President Bill Boyd and his fellow officers, Vice-President Tom Schafer; Secretary Sharon Veith; and Treasurer Jean Lemle headed the class' noon bake sale, a spring car wash, the Junior Class Play, and the Junior-Senior Prom.

Junior High Cheerleaders

Pictured above are Jesse Cruz, Rick Mericle, and Al Smith who were presented All League awards by Miss Sue Schug, also above, at the league presentation held in Maumee. These wrestlers helped spark the Perrysburg wrestling team in winning the Lake Invitational Tournament, placing third in the Northern Lakes League, and taking runner's-up trophies in the district tournament.

Joel Augustine, after seven semesters of school, has made the ranking of second in the Senior Class.

Bob Fabrey was accepted by West Point Academy.

Joan Karsteadt is one of the finalists in the National Merit Scholarship Tests.

Cathy Knepp, after seven semesters of school, has made the ranking of first in the Senior Class.

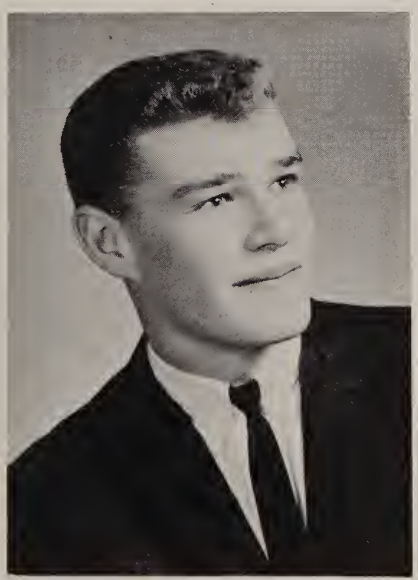

Suzy Liebherr placed second in Dramatic Declamation out of twenty contestants from schools in the Northern Lakes League.

Seniors receive recognition

The Music Department achieved great success this year at district competition at Bowling Green State University. The band, choir, and girls' glee received superior ratings on all their presentations. For this accomplishment, they received the privilege of traveling to state competition against schools from all over the state. State competition was in Mansfield, Ohio, on April 25.

At district competition, the band played "Symphony No. 3" by Giannini, "Prelude and Fugue in E Minor" by Bach, and "Preambulum and Conzona." The choir sang "My Love Dwelt in a Northern Land," "Come Hither Child, and Rest," and "Shout for Joy." The girl's glee sang "Come Spirits 'Tis His Day," "The Shepherdess," and "Night Song."

Jim McClain was named to the All League team and made honorable mention in All State and All American teams in football.

Susan Skinta has been awarded the Dramatic Award for her performance as Anne in the Senior Play, "The Diary of Anne Frank."

L·O·F GLASS

THE QUALITY MARK TO LOOK FOR

LIBBEY·OWENS·FORD

a Great Name in Glass

TOLEDO 2, OHIO

What a wonderful Open World

Have you noticed schools like this on your travels? Probably, because new buildings are springing up everywhere. They are beautiful and functional structures with large glass areas to create an "open-world" atmosphere to eliminate the feeling of being boxed in.

Wherever you live, work, shop or travel, you'll find L·O·F Glass making it more enjoyable. In homes, motels, schools and stores. In offices and factories. In hospitals and churches. In cars, buses, trains and planes.

There's an L·O·F Glass that insulates windows. It's called *Thermopane*® insulating glass. Another subdues sun heat and glare. L·O·F Glass that makes automobiles safer. L·O·F Glass to do a thousand things.

And when anyone needs glass, there's an authority on it nearby—your local independent L·O·F Glass Distributor or Dealer. His name is in the telephone book Yellow Pages under "Glass". Call him.

Laboratories, shops and studyrooms are separated from twin classroom buildings by a broad, central court, Ithaca Senior High School, Ithaca, N.Y. Architects: Perkins & Will, White Plains, N.Y.
